Subject: Opinion of the German General staff

I propose, to hear about the opinion and the fight of the German General staff against Hitler two German officers:

- 1) Lt. Colonel Victor von Schweinitz
- 2) Lt. Colonel Peter Sauerbruch.

I don't now, where they are living. But I believe, the first man is in a American camp in Italy, while the second man is in an English camp. The first man is a friend of Goevernitz. He signed the surrender of the German army-group in Italy.
