Kaltenbrunner denied that any orders were issued by him to Higher S.S. Police Leaders and other Police Agencies on the subject "Pregnancy Interruption in the Case of Eastern Women Workers". The question refers to an alleged letter dated 9 June 1943 and signed by Kaltenbrunner which states that an agreement with the Reichsfuehrer for Health on 11 March 1943 had been reached: Eastern workers, upon the desire of the pregnant woman, may undergo an interruption of pregnancy. Kaltenbrunner denies, likewise, having any connection with Dr. Conti in this matter although he admits having known Dr. Conti. He states that the problem was undoubtedly handled by Mueller and the Secret State Police . (pp. 1 - 3)
