I agree with the list of witnesses with two exceptions:

- 1.) ~~He~~ The witness No 11 Naujocks is accused through General von Falkenhausen. Naujocks shall be a represent of the 44. He shall have tried to intrigue against Falkenhausen and his Chief Colonel von Harben. Harben was killed in October 1943. Falkenhausen was dismissed Juli 1944.
- 2.) The witness No 23 Bach-Zelewski was Gruppenführer of the 44.
- He has killed some persons on 30th June 1934. Later he was a head of the 44 against the Russians and he has made many atrocities.
